Natural resources specialist	Excellent, well versed in the topic, loved that the presentation included the granular science, the slides and graphics were great at explaining everything, excellent presentation overall and I'd watch another presentation by this speaker
Other (please indicate)	Thank you
Other (please indicate)	It was a good presentation. Really liked tree images eg. Non conductive wood..
Other (please indicate)	I really enjoyed hearing about your personal experiences with the tapping, processing, and tasting of the various syrups; I would've liked to hear more about some common, unusual, or even invasive species you may have tried or would be willing to try.
Other (please indicate)	Thk u \\\!
Other (please indicate)	Good presentation. Some smaller graphs hard to see numbers.
